Changing Lives through Conferences & Retreats

Praise

For changed lives as a result of Big Break.

Prayer Requests

Pray for Jeff as he works on the conference registration tool design project. Pray for wisdom, creativity and that we could improve the experience for those who use it.

Pray for Jeff and his team as they work on a multi-layered project to promote 2009 Summer Mission Projects. The project includes print design, Web design and video. Pray for our team as we coordinate these different pieces.

Changed lives. We desire to see students' lives changed as they experience a relationship with Jesus Christ. One of the ways that we help students to grow is through conferences and retreats.

At conferences and retreats:

- Students hear more clearly from the Lord when they get away from the noise of school and life.
- They accept Christ and make life-changing decisions to serve the Lord.
- Students have a chance to bond with other students. Relationships are formed that will be important throughout college and beyond.
- Momentum is created for the local campus movement. New students will learn about Campus Crusade for Christ. Involved students will become more aligned to the vision of reaching the campus for Christ.

In March, about 2200 staff and students participated in Big Break, our Spring Break outreach in Panama City, Florida. During the month, over 7000 people heard the gospel as students initiated conversations on the beach during Spring Break.

This month, students have returned to their campuses eager to talk with friends and classmates about the gospel. Twenty students at North Dakota State have agreed as a group

Students at Big Break initiating conversations on the beach. During the four weeks of the outreach, almost 17,000 conversations were initiated. Over 7000 heard the gospel and 1003 people indicated decisions.

to start 54 spiritual conversations each week until the end of school.

How do we help change lives through conferences?

Jeff is working on a Web design project to make our conference registration tool even better. He hopes to streamline registration so that students can more easily go to conferences where their lives may be changed forever.

Photo Album

Pictures (clockwise from top left)

- Arg! Two pirates took over our living room to build a fine ship, that included seat belts.
- Who can resist a face like that?!
- Katy loves to read to her sister and Lydia loves the horses on the page.
- Should I draw Spider-man or Batman?
- Ryan played teacher while reading the letters of Katy's copy work.
